

BIOZYME

Natural enzyme liquid treatment to maintain free flowing drains and reduce odour

DC1 BIOZYME is a safe, ready to use natural liquid treatment for pipework, grease traps and septic tanks. Biozyme uses enzymes to digest organic residues, fat and grease from drains, maintaining flow and reducing odour.

ADVANTAGES

Digests and liquefies all types of organic waste

Begins working immediately

Works above and below the water line

Safe for operators, systems and the environment

Will overcome existing bacteria responsible for malodours

Continued 24 hour a day action

Ideal for use in waste areas of kitchens and food processing plants

TYPICAL APPLICATIONS

- DC1 Biozyme is suitable for use in foul drains to reduce odour and maintain flow. May be added to septic tanks to reinforce the natural biological waste digestion

APPLICATION INSTRUCTIONS

DC1 Biozyme may be dosed daily down sinks and drain outlets during quiet periods. Typical dosage will be 150ml per day, or 1ml per meal produced each day, whichever is the greater.

BIOZYME

Natural enzyme liquid treatment to maintain free flowing drains and reduce odour

TECHNICAL DATA

APPEARANCE	Slightly viscous, opaque liquid
COLOUR	Colourless
ODOUR	Pleasant
SOLUBILITY	Dispersible
RELATIVE DENSITY	1.0 @ 20°C
pH-VALUE	4-6
VISCOSITY	200-300 cps @ 20°C
PACK SIZE	↗ 5 litre

PRECAUTIONS

Avoid skin and eye contact.

STORAGE PRECAUTIONS

Store in containers provided between 5 and 30°C.

HEALTH AND SAFETY

Health and Safety Data sheet available separately.

ALSO AVAILABLE

DC3 DRAIN CLEAR

Concentrated liquid pipe and drain opener, clears hair, soapscum, fats, paper, organic debris and slime in minutes.

DC2 GLADIATOR

A revolutionary unique drain grease and odour control system.

WR2 DESOLVE PLUGHOLE MAINTAINER

Dissolves hair, fats, organic debris and soap scum from plugholes and shower traps.
